EDUCATION

Bachelor of Technology in Computer Science and Engineering

Dec 2022 - May 2026

Pranveer Singh Institute of Technology (PSIT), Kanpur

CGPA: 7.22/10.0

Intermediate (CBSE): Sri Ram Education Centre, Kanpur

2021-2022

Percentage: 61.6%

High School (CBSE): Sri Ram Education Centre, Kanpur

2019-2020

Percentage: 78.6%

PROJECTS

SpamShield – Intelligent Email & SMS Classifier [Github](#)(Code)

May 2023

Tech Stack: Python, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, Streamlit.

- Built an ML classifier (TF-IDF + Naïve Bayes) with 95% accuracy.
- Designed scalable end-to-end pipeline for preprocessing, training and evaluation.
- Deployed real-time web app with user-friendly interface.

SmartMart - Grocery Management System [Github](#)(Code)

Nov 2024

Tech Stack: HTML, CSS, JavaScript, Python, Flask, MySQL.

- Developed a 3-tier full-stack application integrating frontend, backend and DB.
- Implemented responsive UI with dynamic calculations reducing manual errors by 95%.
- Optimized processing time by 60% with automated workflows.

Attendance [Github](#)(Code)

Jan 2026

Tech Stack: Python, Flask, MediaPipe, OpenCV, scikit-learn, SQLite, RESTful APIs

- Built face recognition model with 95%+ accuracy using MediaPipe and scikit-learn.
- Integrated Flask APIs and SQLite DB for real-time attendance tracking.
- Improved response time to sub-second with background processing.

SKILLS

Technologies:

Machine Learning, Deep Learning, NLP(Basics)

CS Fundamentals/Relevant Coursework:

OOPs, DBMS, OS, Data Structures, Software Engineering

Programming Languages:

Python, Java, PL/SQL

Databases:

MongoDB, MySQL

Data Analysis and ML Tools:

Excel, Pandas, NumPy, Matplotlib, Kaggle

Developer Tools:

Git, GitHub, VSCode

ACHIEVEMENTS

- Finalist, Smart PSIT Hackathon (SPH) 2025.
- Solved 200+ problems on LeetCode, 5-star in Problem Solving on HackerRank.

CERTIFICATIONS

- Crash Course on Python, Google and Coursera.
- Oracle Cloud Infrastructure 2025 AI Foundations Associate.
- SQL (Basic), HackerRank.
- Databricks Accredited Generative AI Fundamentals, Databricks Academy
